Advance-Nilfisk Parts - Imagine how long and tiresome it will actually be to clean-up right after a party, without assistance from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the top cleaning products at the time.

The man who founded Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After establishing his company during 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to have an international company advertising merchandise internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one person. This creation came in a time where other cleaning machines were very big and needed 4 or more operators, thus, the Nilfisk C1 changed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an existing problem; stuff get dirty and need to be cleaned frequently, without a lot of effort.

Slowly but steadily, Nilfisk-Advance developed through the years. In the nineteen eighties, this development actually occurred when the business became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the business, aiming to be among the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently located in every part of the world by gradually obtaining a lot of smaller businesses so as to grow their product portfolio and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each and every need.
