

## **Lull Telehandler Parts**

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since 1959. Whether the task entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would really help make the job go faster and easier. These units are complete with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are even several optional Lull accessories for their telehandlers to be able to help do whichever task.
