

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global business. Transporting industrial goods happens each and every day on our hectic planet. Primarily innovated as industrial vehicles during the 1930s in America, lift trucks gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the business. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With over fifty years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial trucks, making their models recognizable all around the world. With a strong and energetic workers, TCM has been able to constantly work towards becoming a future leading material handling company.
